

Pendulum Bobs

Set of 3 Sizes

MF2290-001

Description:

The IEC Set of Brass Pendulum Bobs consists of 3 x Bobs:

1x Brass bob: 25mm diameter

1x Brass bob: 20mm diameter

1x Brass bob: 12.5mm diameter

These diameters are nominal only and, if experiments involving mass are performed, the actual diameter of each bob should be measured accurately. Each bob has a 1.5mm diameter hole drilled right through the diameter with one side made larger so that a knot in a cord can be pulled into the larger hole to hold firmly and also be out of sight.

Physical Size: Small plastic bag containing 3x Bobs	Weight: 210g
